VOL. XXIII RENO, WASHOE COUNTY, NEVADA, WEDNESDAY, JUNE 15, 1887. NO. 64

Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing consumption, severe coughs, croup, asthma, pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all druggists and dealers in the United States and Canada.

Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietine Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

Eureka.

The motto of California means, "I have found it." Only in that land of sunshine, where the orange, lemon, olive, fig and grape bloom and ripen, and attain their highest perfection in mid-winter, are the herbs and gum found, that are used in that pleasant remedy for all throat and lung troubles.

SANTA ABIE, the ruler of coughs, asthma and consumption. Osburn & Shoemaker have been appointed agents for this valuable California Remedy, and sell it under a guarantee at $1 a bottle.

Try CALIFORNIA CAT-R-CURE, the only guaranteed cure for catarrh, $1 by mail, $1 10.

Babies That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by

W. PINNIGER Druggist.

Many Of the good things of this life are sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by

W. PINNIGER, Druggist.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgetty, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and leaves you in worst condition than before. What you want is an alterative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at S. J. Hodgkinson & Co's Drug Store.

Can't Sleep Nights, is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c., 50c.

W. PINNIGER, Druggist.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors. S. F.

Acker's Blood Elixir is the only Blood Remedy guaranteed. It is a positive cure for Ulcers, Eruptions, or Syphilitic Poisoning. It purifies the whole system, and banishes all Rheumatic and Neuralgic pains. We guarantee it.

W. PINNIGER, Druggist.

The Southern California Real Estate Boom.

The following from the Paso Robles, Cal., *Leader* indicates the recent advance in real estate in the vicinity of San Diego:

"Last November a syndicate of Eastern capitalists paid $100,000 for the sandy peninsula opposite the city of San Diego. Many thought the purchasers a set of fools and were not backward in expressing their opinion. And when the syndicate spent a couple of hundred thousand in improving their property, then they were regarded as having surely gone daft. But when they were ready they put their enterprise on the market, and in just six months time they have sold $1,350,000 worth of their $100,000 purchase and still have lots of it left. But that is not all. They are now putting up an immense hotel and several hundred men are employed thereon. They use electric lights and work the men in two shifts, night and day. A million feet of lumber is but part of the material used in this building, which will cover several acres of floor room. And this is but a single specimen of the wonderful enterprise which is shaking the one time sleepy old town of San Diego down to bedrock."

Cement Water Pipe.

The Winnemucca *Silver State* says: Lay Brothers, of Golconda, have received a car-load of cement water pipe to convey a stream from the hot springs to their bath houses at Golconda. They will lay 1,600 feet of this pipe, which is five inches in diameter, and, therefore, capable of conveying a large stream to the bath houses. Heretofore they have used iron pipe for this purpose, but it lasts only a few years. The hot water corrodes it, and after it is used a year the blade of a jack knife can be easily run through the iron. The new pipe is made of cement upon which the hot water has no effect whatever, and it will last for ages unless it is broken.

Terribly Afflicted.

On Saturday last the four-year-old child of Henry Edgers, a rancher on the east fork of the Carson River, Douglas county, strayed from the house and shortly after was found drowned in the slough of the river near by. The shock was so severe to the mother, who was in a delicate condition, that she gave birth to a child shortly after hearing the news. The drowned child was buried at Genoa yesterday and the distressed mother is doing as well as could be expected under the circumstances.

The Obstinate Tories.

The New York *Star* says: Telling the Tories that they are ignorant of English politics, is very much like informing the editors of Mugwump newspapers that they know nothing about civil service. Both are true. The Tories in England are so fixed in their belief in the superiority of their own aristocratic methods that it is shocking to them to be called ignorant. Nevertheless, they are possessed of ignorance of the dense kind that comes of conceit and obstinacy, and proves the saying, "None are so blind as those who will not see."

The Boss Score.

Speaking of last Sunday's shooting match between the Carson Guards and the Nationals, of San Francisco, the *Chronicle* says it is doubtful if the score made by the Carson team has ever been equaled.

Looks Like Business.

The Carson *Tribune* of the 14th instant says: The Ormsby County Agricultural Society met last night and resolved to offer $10,000 in prizes for racing, to commence on October 3d, and continue until the 9th.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at S. J. Hodgkinson & Co. drug store as their giving away to their customers so many free trial bottles of Dr. King's New Discovery for consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, colds, asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free large bottle $1. Every bottle warranted.

WEDNESDAY.....JUNE 15, 1887

A serious evil exists in this community. This evil endangers health, hence life and prosperity. It has been claimed that to agitate the question of sawdust in the river water is adversely to advertise Reno as a place to reside. In reply we say that as a result of drinking poisoned water the funeral processions that may be seen on our streets through the hot weather of July and August will be an infinitely worse advertisement. The testimony of the leading physicians on the effect of sawdust in our drinking water should be a warning not lightly to be heeded. The presence of sawdust in the water is no longer a question for idle jest. A subsidized paper, which is the mouthpiece of the millmen, may speak lightly of the united protest of a suffering people, but they can not disprove the evidence submitted to the readers of the GAZETTE, nor will they try to disprove it. The millmen may smile, and smile and be villains still. It is a crime inhuman if, for the sake of a few dollars and in the light of such testimony as that of Doctors Bergman, Bergstein, Dawson and Druggist Hodgkinson, the millmen with brazened impudence continue to pour poison into the waters which nature provides to sustain life. If we are to believe our professional experts the millmen of Truckee supplied the material which "was the principal cause of the epidemic of fever which afflicted us last year," the "agency in producing the fevers that have visited this place;" now supply the material which is "injurious to the health of the parties drinking the water," daily dumping refuse into the sparkling waters of this mountain stream that render it "totally unfit for use." Disease, if not death, the professional experts say, has resulted from the criminal action of the millmen of Truckee and will continue so long as sawdust enters into the composition of our drinking water. The Legislature of California has been appealed to for relief, but all in vain; the Nevada Legislature has been implored, but without avail. What shall be done? If arguments and petitions fail as in the past, is there no legal remedy?

The lawyers say there is a remedy. In our local columns by the best legal talent in the State the remedy is suggested. The almost united opinion of the attorneys interviewed is that the United States Circuit Court has jurisdiction, and that the County Commissioners are authorized and empowered to act for the people. The opinion of every doctor, every lawyer and every other person with whom we have talked is that the evil is serious and should be remedied, almost in disregard of the expense. On no question that has ever been discussed by any journal could there be among the people a greater unanimity of sentiment than there is on this question. The desire seems to be positive and out-spoken that to the Board of County Commissioners the people must look for relief. Knowing the will of the people in this matter, and in what way to proceed to stop the great evil, the Board should, as we believe it will, perform its duty or give some reason for its inactivity and silence.

Reno is becoming the town of the State for the annual gatherings of all secret orders and the place for holding political conventions. Reno has the hotel accommodations and the people have the disposition to extend cordial hospitality to all visitors. The Knights of Pythias met here last week, and the Masons this week. Wouldn't it be as well to make Reno the permanent place for holding all conventions and thus forever settle the question as to which is the most desirable location in the State?

FEVERISH WHEAT MARKET.

The Argument in the Bell Telephone Case.

[PRESS DISPATCHES TO THE GAZETTE]

Wheat Failures—An Unsettled Market.

CHICAGO, June 16.

Four more failures have just been announced on Change. The firms are T. B. Balding & Co., Crosby & Co., Hibbard & Co., and M. B. Crasta. Balding & Co. claim to be even on the market. The suspension of Hibbard & Co. and Crosby & Co. caused a susprise, as both came unexpectedly. Hibbard & Co. claim to be solvent. July wheat dropped to 73¼.

The suspension of S. M. Robinson and Craft & Co. has been announced. In the present unsettled state of affairs even members of the firms have no idea how they stand. Margins are open and trades unsettled, and until matters are adjusted, it will be next to impossible to tell how any firms stand. The excitement in the pit is increasing, and the bears are savagely raising the market. At 11:50 A. M. July wheat was sent down to 72¾, from there it dropped to 72½ to ⅝, then ¼ and then to 72, then 71⅝, and then in one jump to 71. Another drop of a half a cent was recorded at 12:02 P.M., when the market touched 70½; then advanced in jumps of half a cent 70 and 70¾, 72, then back to 70¾, and at 12:11 P. M. it was 71¾ for July and 71⅝ for June.

The closing half hour on change witnessed the almost complete subsidence of the intense excitement. July wheat broke to 70 shortly after noon, and the announcement that Kershaw had failed to meet his clearing house differences was posted, but it seemed to have little or no effect on prices. Kershaw said he could meet all claims against his firm if Rosefeld had not garnished money which he checked against, thereby tying up a million dollars which Minor says he had to his credit. The following firms also failed to go through the clearing house: S. D. Eldridae, M. B. Crofts & Co., H. K. Matthews, Youst & Brierly, B. J. McClearly, H. J. Youst & Co., Hibbard & Co. and Pickering & Co. Just before the close of the session, T. E. Belding & Co. announced that they were even on the market. The morning session closed with a firmer feeling; during the last hour July wheat fluctuated between 71⅞ and 72⅝, the latter figure being the highest of the hour. The day closes with a prevailing feeling that the worst is now over. The announcement that Kershaw & Co. will be able to pay their obligations has created intense excitement.

The Bell Telephone Case.

BOSTON, June 15.

The argument in the case of the U. S. versus the Bell Telephone Co., on a demurrer to the bill of complaint of the U. S. was resumed yesterday in the United States Circuit Court. Grosvenor P. Lowery made the opening argument for the United States which was brief but eloquent and forcible. At the conclusion of Lowery's argument, Gen. Goode addressed the Court at great length, strongly maintaining the propositions that the Government has the right to vacate or rescind a patent obtained by fraud; that the Government alone is the proper party to bring a suit, and that this is the proper form of procedure. He went carefully to the examination of the authorities in support of the above proposition. The venerable Judge Thurman, during the great part of the hearing, has been obliged to recline on a sofa, owing to severe rheumatic pains from which he is suffering.

Declared Elected.

CONCORD, June 15.

The Senate and House met in joint convention to-day for the purpose of the election of a U. S. Senator for the unexpired term ending March 4th, 1889. The journals of both branches were read, showing that Wm. E. Chandler had received a majority of the votes in each, and he was accordingly declared duly elected.

In A Bad Fix.

BERLIN, June 14.

Bismarck's condition is becoming worse. He is affected with rheumatic pains which prevent sleep. His doctors advise rest and a change of climate. His illness, however, prevents traveling at present.

More Than Double.

THE HAGUE, June 15.

Parliament has passed a bill providing for the temporary extension of the Electorial franchise, pending a complete revision of the Constitution. The bill raises the number of voters from 130,000 to 300,000.

Don't Like Americans.

CITY OF MEXICO, June 15.

The present action of the Government in granting important concessions for colonization, public improvement, etc., to Americans and American companies, is the pretext for an assault on the administration by the organs of the church party. The *National*, a prominent opposition journal, in a leading article to-day takes a strong stand against the Diaz administration for granting concessions to Americans. "If foreigners are needed" says the writer, "let Europeans be welcomed; let Spaniards, French, English and Germans come, but not Americans. To admit a Yankee, means Yankee absorption, the disappearance of the Mexican race, and an increase in the number of stars in the hated American flag."

Indian Trouble Feared.

WINNIPEG, June 15.

A troop of mounted police, 60 strong, stationed at Dumore, N. W. T., have been ordered to Swift Current, where they await reinforcements. It is rumored further, that Indian outrages have occurred.

A Property Qualification.

MADRED, June 15.

President Powning's Gold Medal.

In Herz's window on Virginia street is President Powning's gold medal for the best exhibit in any department, State Fair 1887. The medal, which is about three inches in diameter, is similar to the original medal, but differently mounted. Over the medal is engraved "President Powning's Gold Medal;" underneath, "Nevada State Fair, 1887." Surmounting the upper inscription is a chased eagle with a diamond eye; under the lower inscription, colored gold leaves, in the center of which is neatly tied a old tie. The whole rests on two flag staffs, which cross each other, the flags being enameled in colors. The medal, exquisite in its appearance, was designed by Jeweler Herz, and is an ornament worthy the effort of exhibitors at our State Fair.

The Drummer Law Being Tested.

W. R. Rosenblatt, of San Francisco, found guilty in Justice Young's Court yesterday of violating the drummer license law of this State, and who was fined $100, appealed to the District Court where his fine was reduced to $50. As the GAZETTE goes to press an effort is being made to have the defendant discharged on a writ of habeas corpus. This is understood to be a test case.

Increasing Their Plant.

The Reno Electric Light Company has decided to increase its plant. They have ordered another fifty-light dynamo, twenty-five arcs and the same number of incandescent lamps. The stockholders are much pleased with the enterprise, which is proving a financial success.

Vitiated Blood,

Scrofulous, Inherited and Contagious Humors Cured by Cuticura.

THROUGH THE MEDIUM OF ONE OF your books received through Mr. Frank T. Wray, Druggist, Apollo, Pa., I became acquainted with your CUTICURA REMEDIES, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding to you this testimonial, unsolicited as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial. SCROFULOUS ULCERS.

James E. Richardson, Custom House, New Orleans, on oath says: "In 1870 Scrofulous ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the CUTICURA REMEDIES, used them and was perfectly cured."

Sworn to before U. S. Com. J. D. CRAWFORD.

ONE OF THE WORST CASES.

We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofula I ever say was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA and CUTICURA SOAP. The Soap takes the "cake" here as a medical soap. Mr. Booton will then occupy the store with a complete stock of dry goods. He intends having a first-class retail dry-goods store.

THE TRUCKEE RIVER WATER

The Sawdust Nuisance—How It May be Abated—Opinions by Some of Our Leading Lawyers.

Just as was expected, the opinions of the leading medical men of Reno on the river water question, startled the community. They may have told nothing new, but facts on paper sometimes startle a community from its slumbers, whereas street talk often but lulls it into deeper slumbers and into fancied security. No one could read the published opinions of Doctors Dawson, Bergman, Bergstein and Druggist Hodgkinson on this question without a shudder for the future health of this community. Every medical man interviewed, without hesitation expressed his opinion. Similar views to those held by these medical men are held by every intelligent citizen of Reno. More to be deplored is this state of affairs, when it is known that the lumber men of Truckee, through their mouthpiece, the Truckee *Republican*, taunt our people with such as, "The cry that the sawdust in the water is killing the people will be heard no more. We are also glad that the water can be purified so cheaply, viz: sixty cents per day. This is but a trifle compared to the cost of burning the sawdust by the Truckee millmen. Reno and Truckee will now fight no more, but join together in working up the boom along the banks of the beautiful river." This means that the millmen of Truckee may with impunity dump death-dealing poison into the Truckee waters, provided by nature for all who live along its banks. It means more; it means that these money-getting millmen will laugh in the face of the injured and mock at their weakness. Believing that there could exist no such stupendous evil without a remedy, this reporter has interviewed some of the prominent lawyers of the town with the view of learning what legal steps should be taken to abate this great nuisance. The following is the result of several interviews with the well-known prominent attorneys:

OPINION BY R. H. LINDSAY.

Reporter—Mr. Lindsay, of course you have read what the medical men in town have to say of the unhealthful effects of sawdust in our drinking water. Since the Truckee millmen disregard both the health and life of this community what, if any, legal steps can be taken to stop this nuisance?

Lindsay—I believe the evil is as bad as represented by the physicians. The water we drink is damnable. Certainly it can be stopped. Polluting the water is done in California; the injury resulting therefrom is to the people of Nevada. The question is what court has jurisdiction? I think the United States Circuit Court in California would have jurisdiction of both the persons of the defendants and of the subject matter. An objection to this is suggested that the injury or damage does not take place until the water reaches the State of Nevada, but I think the nuisance is committed when the sawdust is placed in the river in California. Be this as it may, there is a great injury perpetrated on our people and there must be a way to remedy it. If our Commissioners will only move in the matter, a little work and study on the part of the law officers of the State, will I think, devise means to remove the evil. The California code has a provision making it a misdemeanor for any person to pollute the waters of any stream by dumping any *deleterious matter whatever* into any such streams; then provides that *sawdust* shall not be deemed a deleterious matter. This seems to me much like providing a punishment for a man whipping his wife, provided that beating her with a club shall not be deemed whipping. The responsibility of this matter, as it now stands, is with the County Commissioners of Washoe. Six years ago the Legislature authorized the expenditure of $3,000, by this county to prosecute such a suit. The last Legislature passed an Act authorizing any county of Nevada to expend any amount of money which they might deem necessary to stop the nuisance.

Rep.—Then, Mr. Lindsay, you think that there need be no fear about the result of such a suit?

Lindsay—Not at all. The evidence is overwhelming. The millmen admit that they dump the sawdust into the water; the evidence of the doctors as published by the GAZETTE, would establish the effects of this sawdust in the water in any court in the world. If the wishes of this community are to be consulted at all, steps will be taken by our County Commissioners at once to abate this terrible nuisance.

OPINION OF HON. DAVID ALLEN.

The reporter called on Hon. David Allen who responded cheerfully to the questions asked. He approved of the course of the GAZETTE in this important matter and said that it was of too vital interest to all of us to be ignored. The interview was as follows:

Reporter—What do you think of the sawdust nuisance?

Mr. Allen—It is great. There are forty million feet of lumber cut annually along the Truckee river, and about one-sixth of this amount is converted into sawdust which is thrown into the river. It is the decay of this matter that has been accumulating for years that poisons the purest natural flow of water on the continent.

Reporter—What steps can be taken to stop the continuance of the evil?

Mr. Allen—It can be stopped by the Legislature of California making it a penal offense for the sawmill men of the sister State to throw any refuse matter into the river, and seeing that the law is enforced; or parties aggrieved enjoining the several owners of the sawmills and their agents and employes from making further deposits in the river.

Reporter—Where should suit be brought, and who should bring it?

Mr. Allen—The action being between persons real or artificial of the two States and involving the questions it would, suit should be brought in the United States Court. Any party who is actually injured may bring suit, but the burden should not be placed on any one individual. The Truckee practically is the property of Washoe county. The greater part of the population as well as the wealth of the county, including that portion set apart as the Pyramid Indian Reservation, is interested in having the river kept free from contamination. This being so, if the general government will not aid in suppressing the evil, my judgment is, the county should bear the burden, which it is authorized to do by a law passed last Winter.

Reporter—Is it incumbent on the county to act?

The law leaves it to the discretion of the officials, hence it may not be considered incumbent; but if the authorities appreciate the value of health and life, they will consider the law incumbent and act without delay.

OPINION BY JUDGE W. M. BOARDMAN.

Judge Boardman was next seen in his office in the Court House, where the following conversation occurred:

Reporter—What do you think of the present agitation of the question of sawdust in the river?

Boardman—I am glad that the GAZETTE is presenting this matter fully to the people, as I deem not only the people of Washoe county but the people of the whole State are interested. It is an undisputed fact that the sawdust dumped into the river renders the water unwholesome and unfit for domestic purposes. It must also be conceded an undisputed fact that without this foreign matter the Truckee water is as pure as any water on the face of the earth. The people of Washoe county and the State, as a matter of right and law are entitled to the use of this water in its purity as it flows from its source at Tahoe to Pyramid. There can be no difference of opinion among lawyers that the right of action to preserve the purity of this water could be instituted and successfully maintained as that law abates a nuisance. Inasmuch as the source and and a small portion of the river is in California, the other portion being in this State, the query arises in what Court the suit should be instituted. In my judgment there is no doubt but that the proper Court to try this case is the U. S. Circuit Court.

Reporter—Now, Judge, in whose name and at whose expense should this suit be brought?

Boardman—I think the action could and should be brought in the name of the U. S. Attorney General. No doubt such action could be brought by any riparian owner injured. So far as the expense of litigation is concerned, it should be borne in part by the State inasmuch as it increases the taxable property of the State. However, the State declining to do this and Washoe county being directly interested it becomes proper for the county to bear the expense. It seems in order to preserve health that it has become necessary that action be taken immediately.

JUDGE S. D. KING'S OPINION.

Judge King, in response to questions similar to those propounded to the foregoing, said: "The pollution and foulment of any stream is a nuisance and remediable in the courts at the instance of anyone suffering a special or private injury therefrom. That the dumping of the sawdust into the Truckee by the saw-mills is such pollution and nuisance is too clear for argument. The only difficulty, if this is a difficulty, is to find our remedy. The trespassers, the millmen, both reside and commit the wrong in California. It is apparent that our local courts, State and Federal, cannot give relief, as we can never hope to catch any of these offending gentlemen here, and the writs of our courts do not run beyond our State lines.

We cannot hope for relief under the California State Courts, as they operate under an express statute, which declares that the acts of which we complain are not unlawful.

Reporter—Will the Circuit Court of the United States for the District of California afford us relief?

Mr. King—This is a question not without difficulty. There is no lack of respectable authority that an action for such an injury is a local action to be prosecuted where the injury is suffered, and if this rule applies, it is difficult to see that any relief can be had in the California Federal Court. There is, however, a revered axiom of the law, that there is no wrong without a remedy, and search and industry would probably open the way. As a citizen of the town and interested in its prosperity, I am anxious to see the suggestions of the GAZETTE carried out, and the case tested by the proper tribunal. There is a limit to all forbearance, and since the difficulty must be remedied sooner or later, the sooner the better for the people of Reno and vicinity.

OPINION BY DISTRICT ATTORNEY PIERCE EVANS.

In reply to the reporter's question as to his opinion on the sawdust nuisance, District Attorney Evans said:

In regard to the dumping of sawdust in the Truckee River, there is no question in my mind but that action can be maintained, and should be commenced without delay. The Federal Courts have jurisdiction in the matter, and the Attorney General of the United States is, in my opinion, the proper person to institute proceedings.

OPINION BY U. S. DISTRICT ATTORNEY THOMAS E. HAYDON.

District Attorney Haydon gave as his opinion that any person polluting or defiling the waters of a stream above is subject to a suit by any owner of the banks of such stream below, who is materially injured by such pollution or defilement of such waters, to enjoin the continuance of such nuisance; that such right of action is as old and well attested as the common law and equity system. That such suit could only be brought in the California Court or in the Circuit Court of the United States in the Northern District of California, where the defendants reside and the injury of depositing sawdust in the Truckee river is committed. That the Circuit Court there would be the preferable Court to try such suit as less likely to be biased by interests and feeling of parties to such suit. That such suit can be brought by any private citizen of this State materially injured in person or property in this State against all in the State of California who materially contribute to such injury or cause it. That it being a question in which the parties injured are very numerous that he thinks the county of Washoe or the town of Reno could maintain the suit in behalf of all the numerous parties injured. That such suit is of such magnitude that no private citizen could reasonably be expected to undertake it. That every inch of the Truckee river being in Washoe county, that is outside of California, unless it can procure the aid of the State of Nevada to protect its own sovereignty, Washoe county can only look to itself for the means to prosecute such suit, or it might agree to pay the expense of a suit instituted by some one or more private citizens of this county to test the question. Such suit cannot be prosecuted in the courts of this State, because the injury to be remedied and the parties doing it, are not within the jurisdiction of our State courts, and their decisions cannot be enforced outside the Territorial limits of this State. The County Commissioners of this county could authorize such suit to be brought or agree to pay its expenses if prosecuted by private individuals. That by instituting such suit in the United States Circuit Court at San Francisco, it could be appealed to the United States Supreme Court by either party, and the question thus be set at rest. That he in common with his fellow citizens would like to see such suit instituted and such nuisance finally enjoined and abated, as it has been a long continued and sore grievance to the people of this county, which they and their State Legislature have for years sought in vain to remove by diplomacy and appeals to the county of their sister State, until patience ceases to be any longer a virtue.

There are in town several other just as prominent attorneys as those interviewed, and whose opinion would be valued as much by the public, but for various reasons they were not seen by the reporter. There is no doubt but that in the main all of the lawyers agree as to what should be done in this case and how it should be done. The GAZETTE, it must be conceded, has established its case beyond a shadow of doubt. If there be any evidence in rebuttal these columns are open for its publication. If the statements made be not refuted the onus of the responsibility of non-action must fall upon the County Commissioners.

BREVITIES.

Local and General News.

Large quantities of California fruit is being shipped East.

This morning's east-bound overland carried 175 passengers.

The Lick telescope is to be mounted on the first day of July.

The remains of the late Mrs. M. Kaliski will be taken to San Francisco this evening for interment.

Send for a sample copy of the WEEKLY GAZETTE, a sheet having the largest circulation of any paper published in Nevada.

Mrs. W. H. Henderson, wife of the expressman, died suddenly yesterday afternoon of heart disease. Deceased left a babe two weeks old.

The ladies of the Episcopal church will hold a social on Friday evening at the residence of of Mrs. R. L. Fulton. A delightful time is expected.

Hi Wah, the Carson Chinese boss, this morning shipped 35 Chinamen to Sisson & Crocker, to be used on the California & Oregon railroad.

Hon. P. N. Marker, who returned this morning to his ranch on the Humboldt river, informed a GAZETTE reporter that the alfalfa and grain crop of that section is far in advance of this part of the State.

Truckee is to have a tannery. Of course its refuse material in the usual way will de dumped into the waters of the Truckee for the benefit of Reno. Reno has no rights which Truckee is bound to respect.

The reports of the death, blindness or retirement from practice of Dr. E. H. Pardee, the oculist, are not true, as a card of the Doctor and his son in another column will show. Dr. E. H. Pardee has been in practice in San Francisco for over 35 years, and his son, lately returned from a four years' course of European study, is now associated with him.

Attention, Co. C.

A CYCLONE!

Nothing has created so much talk as Breuner's elegant and immense line of Bedroom and Parlor Furniture. Suites for two, three, four, five and six hundred dollars. We can furnish you with a suite—the finest in the land or the cheapest to be had. Our trade has demanded that we carry the richest lines, and to-day we are shipping goods to San Francisco, Oakland and other parts of the State. San Francisco merchants cannot compete with us, as their store rents and other expenses are enormously high. Everybody admits that we sell the cheapest, and everyone who visits our stores says our assortment is as elegant as it is large.

If you desire anything in our line and cannot visit our stores, write us stating articles you want and will send you photographs and prices, and give you the same satisfaction as if you were selecting in our stores. Send for photograph of our $18 00 bedroom suite.

CARSON CITY, JULY 7 to 8.
RENO, JULY 9 TO 14.

He Has Deferred His Trip to Europe.

TO THE PUBLIC:

Never before in the history of the Coast has there been acquired in such a short space of time such a wonderful reputation and so great a success in the medical profession as that of DR. PRENTICE. With almost indomitable energy and pluck, he has forced his way through many opposing forces, and has placed his independent banner on the crowning pinnacle of success. Many hundreds of supposed incurable cases on the Coast are now happy to attest the wonderful skill and ability of Dr. Prentice. Suffering humanity, read the following, and take advantage and consult Dr. Prentice, as he positively will leave for Europe on July 15th.

CROSS-EYES.

To those afflicted with cross-eyes:

538 cases cured within the past four months.

The Quickest Operation on Record.

Another wonderful case is that of Albert Vandenburg, of Stockton, Cal. Had cross-eyes all his life. Dr. Prentice straightened them in less than 15 SECONDS.

SAN FRANCISCO, March 14, 1887.

The operation was witnessed by Mrs. Thomas Farmer, of San Francisco, Mrs. Champion, of 405 Taylor street, E. G. Huttel and others. This operation is the quickest of its kind on record in the world.
